

HTC GREYLINE™ 270

Floor grinder and edge grinder in one

HTC Greyline™ 270 is a single headed grinder that is easy to carry and reaches into tight, impractical areas. With a special accessory kit the single-phase grinder also turns into an effective edge grinder in only minutes. The machine is divisible for easy transport.

HTC GREYLINE™

HTC Greyline™ is a new series of floor grinding equipment from HTC consisting of four different sizes of floor grinders, two dust extractors, diamond tools and special accessories.

HTC Greyline™, world leading technology in a powerful and cost effective package! Simplicity added!

THE BENEFITS

Edge grinding accessory kit

With the HTC Greyline™ 270 edge grinding is now a piece of cake. Available is an accessory kit which turns the HTC Greyline™ 270 into an effective edge grinder in minutes.

Easy Grinding

HTC Greyline™ literally means easy grinding. Select and attach your tools, plug the machine to the wall & start grinding.

Easy tool choice

Three standard tools in different grit sizes for removal of coatings and leveling of concrete are all the tools needed, it can't be easier.

Divisible for easy transport

All floor grinders in the HTC Greyline™ series are divisible which make the grinders easy to transport.

Floating Cover HTC Greyline™

All grinders in the HTC Greyline™ series come with a floating cover. The floating cover simplifies handling of the machine and creates a better dust absorption. No need for a separate splash guard.

Robust chassis

The robust and sturdy chassis makes the machines perfectly balanced which is important when grinding but also simplifies machine handling for tools change etc.
