

HTC GREYLINE™ 450

A planetary grinder for both concrete grinding and floor prep

HTC Greyline™ 450 is a single-phase, planetary grinder with three grinding heads and a counter-rotating grinding wheel for a stable grinding without lateral forces. It works equally well for concrete grinding and floor prep as it does for grinding/sanding of wooden floors. The machine is divisible for easy transport.

HTC GREYLINE™

HTC Greyline™ is a new series of floor grinding equipment from HTC consisting of four different sizes of floor grinders, two dust extractors, diamond tools and special accessories.

HTC Greyline™, world leading technology in a powerful and cost effective package! Simplicity added!

THE BENEFITS

Adjustable chassis and handle

The floor grinder's chassis and handle can easily be adjusted to fit your preferred working position. HTC recognize the value of good ergonomics.

Easy Grinding

HTC Greyline™ literally means easy grinding. Select and attach your tools, plug the machine to the wall & start grinding.

Easy tool choice

Three standard tools in different grit sizes for removal of coatings and leveling of concrete are all the tools needed, it can't be easier.

Divisible for easy transport

All floor grinders in the HTC Greyline™ series are divisible which make the grinders easy to transport.

Floating Cover HTC Greyline™

All grinders in the HTC Greyline™ series come with a floating cover. The floating cover simplifies handling of the machine and creates a better dust absorption. No need for a separate splash guard.

Robust chassis

The robust and sturdy chassis makes the machines perfectly balanced which is important when grinding but also simplifies machine handling for tools change etc.
