

CX-series

A breakthrough in performance

The CX-series

The new leader

HTC introduces the new and unique CX series. A breakthrough in performance.

The CX (Concrete Extreme) tools outperform the existing metal bond tools on the market. The CX series has longer life and better cutting rate which will save you time and money!

- For normal to hard concrete (C35-60)
- High resistant against heat
- Extremely high cutting rate
- Leaves a uniform scratch pattern
- Speeds up the grinding process
= save time and money

EZ CX-series

EZ CX DS

EZ CX SS

Name

Art no.

Description

EZ CX 2 Gold DS
