

HTC XX2

When nothing else makes the cut!

The new XX2 is a unique diamond tool for the hardest concrete and where speed is essential. A problem-solver for when nothing else makes the cut.

The new XX2 tool from HTC has been especially developed for grinding extremely hard concrete when the X-series isn't up to the task. It is truly a high performance tool.

Softer segment bond means increased diamond exposure to surfaces – and those tough jobs going faster.

SHMX – from soft to extremely hard concrete

HTC's series of metal-bond diamond tools for grinding concrete have been given a thorough update. It now consists of five series of tools, covering all types of concrete grades, and makes your tool choice easier when grinding concrete floors.

SOFT CONCRETE	MEDIUM CONCRETE	HARD CONCRETE	XTREMELY HARD CONCRETE	
S SERIES Moh's scratch test from 2 to 3	M SERIES Moh's scratch test from 3 to 5	H SERIES Moh's scratch test from 5 to 7	X SERIES Moh's scratch test from 7 to 9	XX2 SERIES WHEN NOTHING ELSE MAKES THE CUT!
S2 25 grit	M2 25 grit	H2 25 grit	X2 25 grit	XX2 25 grit
S3 40 grit	M3 40 grit	H3 40 grit	X3 40 grit	
S4 80 grit	M4 80 grit	H4 80 grit	X4 80 grit	
S5 150 grit	M5 150 grit	H5 150 grit	X5 150 grit	

EZ XX2 Gold DS – Item no. 597150302

EZ XX2 Gold SS – Item no. 597150301

54% higher effect*

* Refers to productivity tests with tools on an HTC DURATIQ RX8 equipped with the Mist Cooler System and AirFlow™ tool holder. The tests showed 54% higher effect compared to corresponding grinding with the X-series.
