## The 650 RX

### Remote control grinding

**The HTC 650 RX is the choice for fast results with floor grinding and polishing using remote control technology.**

The HTC 650 RX is popular for its versatility and ease of handling. It comes standard with a patented drive system with four grinding discs that perfectly balances the machine and makes refining and polishing quick and easy. Only one person is needed to manage the grinder and dust extractor, because the machine is operated by remote control.

- Remote control grinding and polishing
- Save time and money on labor costs, since only one operator is needed
- Patented well-known drive system with four grinding discs perfectly balances the machine
- Mist Cooler System
- Integrated weights for adjusting grinding pressure
- Large capacity with a 26" grinding width
