HTC
The 800 RX
The professional's choice

The HTC 800 RX is a remote control grinder that streamlines and simplifies grinding.

The 800 RX is perfect for large areas but still small enough to tackle projects in tight spaces. Only one person is needed to manage the grinder and dust extractor, because the machine is operated by remote control. With features such as battery backup power, it can be loaded from a trailer without connected power.

- Remote control grinding and polishing
- Save time and money on labor costs, since only one operator is needed
- Patented well-known drive system with four grinding discs perfectly balances the machine
- Battery drive makes it extremely easy to transport
- Mist Cooler System
- Integrated weights for adjusting grinding pressure
- Large capacity with a 32" grinding width
