

HTC Academy

What You Need to Know

The **HTC Academy** is the perfect place to start your professional training in the grinding and polishing industry. With over 10 years of training thousands of contractors throughout the world, HTC Academy is unlike any training available.

HTC Academy is not only for contractors just starting their career in concrete grinding and polishing, but is also ideal for anyone who may have limited knowledge about concrete grinding and polishing. It is also a great refresher course for industry veterans that want to see and test the latest HTC innovations that have been introduced.

Scheduled Dates 2016

HTC Academy FAQ

When, where & how is the HTC Academy held?

The seminar is held at the HTC facility in Knoxville, TN unless otherwise noted. All classes are held according to the schedule in the pages of this document. The seminar starts at 8:00 am on the first day and finishes at 4:00 pm on the last day.

How many can participate in each HTC Academy?

We are able to accommodate approximately 15 participants in each class. We fill seats on a first come, first serve basis, according to when we receive the registrations. Each course has a registration deadline, so don't hesitate to register to hold your space.

How much does it cost?

\$695 per person

The fee covers one dinner and two lunches, two lodging nights and seminar training materials.

How do I register?

Fill out the registration form and submit via fax to (865) 689-3991 or email to chris.townsend@htc-america.com.

HTC Academy The Specifics

HTC Academy - What Will You Learn

The HTCA is a full, two day course packed with valuable information that takes you from start to finish on grinding and polishing concrete and more. Here are some sections that are covered:

- Equipment Overview
- Basic Machine Maintenance
- Tooling Education
- Marketing and Estimating
- Coatings Removal and Floor Prep
- Dry and Wet Grinding and Polishing
- Grinding/Polishing and Concrete Dye Basics
- Impregnators and Stain Protection Applications
- Grinding/Polishing Overlays
- EZwood™ Grinding
- Twister™ Maintenance
- Includes both classroom and hands-on training

Guest Speakers from Industry Experts at each session!

HTC will have industry professionals in attendance at each class that will demonstrate and teach about their relevant products. This is extremely helpful since these manufacturers are the absolute, best source for information on their products.

Hotel Room Information

Unless you opt to make your own hotel arrangements, HTC will arrange for your stay at a hotel in relative close proximity to the training facility. If you choose to make your own hotel arrangements or if hotel arrangements are not required please let us know so that we do not book your stay.

Transportation

Transportation to and from the training facility will be the responsibility of the attendee.

HTC Academy Agreement

Whereas, HTC, Inc. wishes to protect itself, its employees, agents, principals, officers, directors, and subcontractors from any claims, damages, or expenses, which may arise from such a training course.

Now, therefore, the parties agree as follows:

1.) Participant, its employees or associates hereby waive any claim or right against HTC, INC., its employees, agents, principals, officers, for any injury, damage, expense, or loss, etc. arising out of or in any way involving the training course, including the operation of machinery by anyone, and agree to hold harmless HTC, INC. and its employees, agents, principals, officers, directors, and 2.) HTC, INC through its employees, agents, principals, officers, directors, and subcontractors may make statements, suggestions, explanations, etc. on the use of machines, capabilities of machines,

solutions to problems, etc. It is understood and agreed that these statements are made in good faith, but HTC, INC. is not responsible for any consequences, damages, costs or expenses incurred if these are incorrect, misleading, misunderstood, or incomplete. It is completely up to the participants to determine and implement the use and application of these machines, products, suggestions, statements, explanations, and the circumstances they are utilized under.

3.) Participant, its employees or associates shall be solely responsible for the adequacy of the machine and products and all applications and uses of the machine and products. By submitting this document to HTC, Inc. you and all attendees are claiming to have read, understand, and agree to the HTC Academy agreement.
